ATTACHMENT E – PROGRESS IN MEETING 5-YEAR PLAN MISSION AND GOALS

1. **GOAL – Expand the supply of assisted housing:** The FHA will continue its efforts to expand the supply of assisted housing in order to increase the availability of decent, safe and affordable housing. Due to limited level of HUD funding for new housing construction, the FHA continues to seek other funding opportunities.
2. **GOAL – Improve the quality of assisted housing:** The FHA continues to manage the authority in a manner that is in full compliance with all applicable federal regulations. The FHA has been working hard at the promotion of a motivating work environment in an effort to operate as a customer-friendly housing provider.

The FHA continues to improve on the provision of timely and quality maintenance services to all residents. All emergency work orders are handled immediately. The FHA is in the process of creating a preventative maintenance plan.

3. **GOAL – Provide an improved living environment through a police officer resident in the FHA developments:** The FHA continues to solicit a police officer(s) to reside in the public housing developments.

ATTACHMENT F - DECONCENTRATION POLICY

1. DECONCENTRATION POLICY

- a. The objective of the Deconcentration Policy for the Franklin Housing Authority (FHA) is to achieve the goal that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development or census tract. The FHA will take actions as necessary to achieve the goal that no individual development has a concentration of higher income or lower income families. To ensure that the FHA does not concentrate families with higher or lower income levels in any one development, the FHA will track the status of family income, by development, on a monthly basis utilizing income reports generated by the FHA's computer system.
- b. The FHA will periodically compare the relative incomes of its developments to the relative incomes of the census tracts in which they are located. Where significant differences are identified, income targeting will be applied.

2. INCOME TARGETING

- a. To accomplish the deconcentration goals, the Franklin Housing Authority will take the following actions:
 - 1) At the beginning of each fiscal year the Franklin Housing Authority will establish a numerical goal for admission of families whose incomes are at or below 30 percent of the area median income. The target annual goal will be calculated by taking 40 percent of the total number of move-ins from the previous FHA fiscal year.
 - 2) The FHA will limit the number of admissions to ensure that not less than 40 percent of admissions are families with incomes at or below 30 percent of the area median income.
 - 3) The FHA will skip families on the waiting list or skip developments to accomplish these goals.
- b. The Franklin Housing Authority will not hold units vacant to accomplish these goals.

ATTACHMENT G – REAC MANAGEMENT, FINANCIAL AND PHYSICAL PLANS

The Franklin Housing Authority continues to make progress in our efforts to increase our Management, Financial and Physical Assessment component scores.

Management Component

The FHA intends to improve the management component score of 26 through the reduction of vacant unit turn-around time. Administrative staff tracks the status of each vacant unit and works closely with the FHA maintenance crew.

The FHA is also in the process of renovating vacant public housing units. These efforts will greatly improve the occupancy totals as well as the marketability of the renovated units.

Physical Component

The renovation of public housing units as discussed above in the Management Plan will also improve the FHA's physical component total score of 18.

In addition to these major renovation activities of various developments, the FHA's maintenance staff will be replacing inoperable smoke detectors and GFI receptacles in all developments. The FHA will also identify and repair other safety and health deficiencies observed in the units. These efforts will be repeated on an ongoing scheduled basis.

Financial Component

The FHA intends to improve the financial component score of 25 through the maximization of rental revenues by reducing vacancies and unit turn-around time. The FHA will also improve expense management through monitoring and staff control measures. In addition, the FHA will strive to collect tenant receivables in a timely fashion.

The implementation of the above discussed measures will improve the scores for the Management, Physical and Financial components of the REAC assessment system, as well as improve the overall condition of the FHA, thus enabling the FHA to achieve high performer status again.

ATTACHMENT K – COMMUNITY SERVICE POLICY

All families will be given a written description of the service requirement, and of the process for claiming status as an exempt person. This will include the FHAs determination identifying the family members who are subject to the service requirement, and the family members who are exempt persons. The FHA will provide a form to any family members requesting exemption from the service and will advise the member what documentation is required to support the exemption. The FHA will approve or deny the request for exemption within 30 days from receipt of a request that includes required documentation. A family member may request an exempt status at anytime.

The FHA will provide a listing of qualifying community service or self-sufficiency activities that will meet this requirement. The FHA may update this list at anytime. Each nonexempt family member will be given a community service time sheet to track the monthly volunteer hours. A supervisor must sign and date each period of work. If qualifying activities are administered by an organization other than the LHA, a family member who is required to fulfill a service requirement must provide signed community service time sheets certifying to the FHA by such other organization that the family member has performed such qualifying activities.

The FHA must review family compliance with service requirements, and must verify such compliance annually at least thirty days before the end of the twelve-month lease term. The FHA must retain reasonable documentation of service requirement performance in tenant files.

If the FHA determines that there is a family member who is required to fulfill a service requirement, but who has violated this family obligation (noncompliant resident), the FHA must notify the tenant of this determination.

If the tenant or another family member has violated the service requirement, the FHA may not renew the lease upon expiration of the term with exceptions.

In implementing the service requirement, the FHA may not substitute community service or self-sufficiency activities performed by residents for work ordinarily performed by FHA employees, or replace a job at any location where residents perform activities to satisfy the service requirement.
